Dear Mr Lightfoot

**Road Safety Concerns – B1077 and Tuddenham Lane**

Thank you for your letter dated 5<sup>th</sup> August 2008, regarding the concerns of the Parish Council about the B1077 and the other approaches to the village.

We have set out the position of Suffolk County Council regarding our interpretation of the Department for Transport guidelines on setting speed limits, and concluded that no extensions would be appropriate. However, I am happy to meet with a representative of the parish council on site to discuss the issues you have raised.

I have quite a few meetings arranged for the next couple of weeks; I would be delighted to come to the village during the later part of September, at a time convenient to the parish council.

If you would like to contact me to arrange a meeting, my direct email address is:
