Date: 29<sup>th</sup> December 2008

Dear Mr Lightfoot

**Road Safety Concerns – B1077 and Tuddenham Lane**

Thank you for your letter dated 10<sup>th</sup> December 2008, regarding your request for a 40 mph speed limit on Rose Hill. I have passed your request to Dick Lord, the speed limit technician for him to gather the traffic speed, traffic flow, residential development and accident data required. After the necessary data has been gathered the Speed Limit Assessment Panel will make an assessment of the data to see if this request meets the Department for Transport criteria for a 40 mph speed limit. Following this process we will contact the parish to let them know the results of this process.

Thank you again for taking the time to show me many of the areas of concern for the residents in the area. I now have a far better appreciation of the issues that they face, especially when attempting to safely enter and exit their properties. I will certainly make sure that the Speed Limit Panel are aware of these issues when they make their decision.

I hope that everyone in the parish has a very pleasant 2009, kind regards,

**Luke Barber**  
Road Safety Engineering (East)

CC Cllr Peter Bellfield  
Dick Lord (SCC Speed limit technician)
